1 Peter 1:22-2:8 - Listener Notes

- A. Having our soul purified means that we have been declared as righteous. This happened when we got saved.
- B. One evidence of our having been cleansed from sin is our brotherly love for others.
- C. Our new birth was produced from imperishable seed, which produces imperishable (eternal) life.
- D. One evidence of true salvation is that we have laid aside our old way of life.
- E. Another evidence of true salvation is that we want to learn more about it and about God.
- F. If we are truly saved we will have an uncontrollable desire to read the Word of God and to become more like Him.
- G. As part of the body of Christ, we are each living stones and a holy priesthood. As God's temple, we are to offer up spiritual sacrifices.
- H. As part of the building (the body of Christ) we are built on the foundation, which is Jesus Christ, the corner stone.
- I. Christ, the cornerstone is precious to all true Christians, but He is a stumbling stone (a stone of stubbing) to all non-believers.
